RULES TO REMEMBER

- Once the Banker exposes the house's cards, the players cannot touch their cards.
- Players are not allowed to show their hands, or talk to other players about their hands, until the Banker's hand is exposed.
- Players are responsible for arranging their own hands and should do so with care. Any player's hand that is set incorrectly (e.g., the two-card low hand ranks higher than the five-card high hand, or player puts three cards in low hand and four cards in high hand) is considered an automatic losing hand.
- The Banker's hand cannot be set as an automatic losing hand. If this happens, the hand will be reset according to the "house way."
- You may always ask the dealer for help in setting your hands. The dealer will explain to you how the House would play the hand.
