## Mini Louisiana Baccarat Dealer Instructions

1. Dealer deals 2 Player cards and 2 Banker cards face down.

## CASE 1

If no players have made Player bet with no side bets, or if Play Your Own Cards not offered:
2. Dealer turns over Player cards.
3. Depending on Player total:

3a. If Player has 8 or 9: Dealer announces "Natural 8(9)", turns over Banker cards, settles all bets. END
3b. If Player has 6 or 7: Dealer announces "Player stands".
3c. If Player has 0-5: Dealer announces "Player hits."
4. Dealer turns over Banker cards.
5. Depending on Banker total:

5a. If Banker has 8 or 9: Dealer announces "Natural 8(9)", settles all bets. END
5 b. If Banker has 6 or 7: Dealer announces "Banker stands".
5c. If Banker has 5: If Player hit, Dealer announces "Banker stands", otherwise announces "Banker hits".
6. Whichever third cards are necessary are dealt face up. Dealer settles all bets. END

CASE 2
If someone bet on Player bet only and Play Your Own Cards feature is offered:
2. Dealer asks those players: do you want your own cards?
3. If no one says "Yes", continue as in CASE 1 from step 2 there
4. If someone says "Yes", dealer deals Community Player and Banker $3{ }^{\text {rd }}$ cards FACE DOWN and SIDEWAYS, then deals that player and all remaining players who asked for their own cards 2 cards FACE UP.
5. Dealer asks each such player "will you want a $3^{\text {rd }}$ card?" and each player who says "Yes" gets a $3{ }^{\text {rd }}$ card FACE DOWN (do not need to bother asking Players who had 8 or 9 if they want a $3^{\text {rd }}$ card, they have a Natural)
6. Dealer turns over Community Player hand first 2 cards, announces "Natural 8(9)" or "Player hand stands" or "Player hand draws" as in CASE 1. If "Player hand stands", Community Player face down $3^{\text {rd }}$ card is discarded to avoid confusion later.
7. Dealer turns over Banker hand first 2 cards.
8. IF Banker hand is a Natural 8 or 9: Dealer settles all bets. END
9. Dealer settles all bets with Player Natural 8 or 9, either from Community Player hand or own cards
10. Depending on Banker Total:

10a. 6 or 7: Dealer turns over all Player $3^{\text {rd }}$ cards, settles all remaining bets. END
10b. 0-4: Dealer turns over all Player $3^{\text {rd }}$ cards AND Banker $3^{\text {rd }}$ card, settles all remaining bets. END
10c. 5: Dealer turns over all Player $3^{\text {rd }}$ cards settles all bets with Player 3 card hands, THEN turns over Banker $3^{\text {rd }}$ card, THEN settles all bets with Player 2 card hands. END

Bet settlement: Bets on winning hands pay even money, bets on losing hands lose their bet. If there is a Tie, Tie bet wins, and Player and Banker bets push (except that Banker loses on a $7-7$ tie). Side bets pay based on Community Player hand. Big Win Bonus only pays if that side's hand won by a Natural or by at least 3 points.
