

3 card Poker

Dead Game

One deck in the machine
One deck spread on table

- Players may touch the cards before all the cards are out of the shuffler
- The dealer's hand will remain in the shuffler until everyone has bet or folded
- Folded hands have to be spread to the dealer's right of the betting area
- When the dealer is ready for their hand, spread in front of you proving 3 cards then turn it over
- Paying and betting goes in order from the player to the dealer. On a push, pay the ante 1st then take the pair plus.
- Then pick up the players hand + put them in the discard rack. Then proceed to the next hand.

Shuffle :

3 card Poker

- No card sharing means they can't show their cards to other players.
- The players can't touch their cards until I have the rest of the deck in the discard rack
- If cards are bent it will screw up the shuffle machine
