Additionally, where a “max bet” button is provided, a player may wager on the following combinations of a number; straight up, surrounding splits, corners, streets or six lines by touching the denomination chip on the ATS screen and then touching the desired number and then the “max bet” button. - 8) A wager cannot be withdrawn, placed or changed after the expiry of the wagering period.

- 4) If, by the end of the wagering period for a single spin, a player has placed one or more wagers which are in aggregate less than the permitted aggregate wager, the ATS must not accept the wager(s) and will cause the amount of the wager(s) to be credited back the player's ATS balance.

The Dealer must pay out the full value of the player's ATS chip account balance by tendering chips and closing the ATS chip account.

8.8 Irregularities

- 1) If the ball comes to rest prior to the end of the wagering period, the Dealer shall announce "no spin".
- 2) The WND unit must be disregarded if the WND unit displays a number other than the actual outcome. The Dealer will contact a Management Representative for confirmation of the result before proceeding with the payments.
- 3) If the Dealer reasonably forms the view that he or she has entered an incorrect outcome into the SGC, the Dealer must freeze all ATS chip accounts and cause the results to be re-calculated based on the actual outcome.

A government Inspector is to be notified as soon as practicable of such an event.
- 9) Players are required to notify the Casino Operator in the event of any malfunction of an ATS at which they are playing. Failure to do so, and the retention of any prizes, chip account credit or free play as a result of an ATS malfunction or Dealer error, may be considered to be a contravention of these rules.
